Issue 11 – June 2021

PROMPT WALES Local Faculty Development Days

As we were unable to hold a national PROMPT Wales Faculty Development course (aka Train the Trainers) during 2020, the national team offered local training events in the health boards over the winter, to support units to train additional faculty. 5 health boards took up the offer with Hywel Dda holding theirs in April, adding a further 18 new faculty members to their team.

The future is bright...

PROMPT Wales are planning to reinstate national Faculty Development days, commencing this coming Autumn, subject to COVID restrictions. The team will be in touch to discuss further.

Community PROMPT Wales update

The PROMPT Wales National Team have evaluated the Community PROMPT Wales pilot. A report will be shared with local health boards in the coming months. The PW National Team have planned a national Faculty Development day for Community PW for the **7th July 2021**. A newly updated training booklet, Human Factors presentation and downloadable resources will be available to CPW faculty in July.

SAVE THE DATE

COVID-secure PROMPT Wales training

Following the recent board meeting it was decided that due to the forever changing situation with COVID that health boards across Wales will continue COVID-secure training. This will be discussed again in the Welsh Risk Pool National Maternity Safety & Learning Board in September 2021.

Well done to all the units for continuing training through these challenging times to maintain the safety of their staff, as well as mothers and babies.

Reminder All participants must complete the online learning materials & quiz before attending training as well as complete the evaluation form after

PROMPT Wales National Faculty Event

On 28th May the PROMPT Wales National team hosted the first National Faculty Event via Teams. It was a huge success with 75 attendees – a quarter of the PROMPT Wales local faculty members! It was truly inspiring to hear from the health board PROMPT Wales leads about their experiences of running PROMPT Wales in their unit/s: both the positives *and* the challenges. Organising and running training month after month is no easy feat and we are humbled by your passion and dedication to this programme and to improving safety of mothers and babies in Wales. It was also a great opportunity for the national team and health boards to share ideas and learning.

Safety Attitude Questionnaire - Results

Safety Attitude Questionnaire

Domain	Pre-score	Post-score
Teamwork	69.2	71.8
Safety Climate	69	73.5
Perception of management	47.6	57.1
Job satisfaction	65.5	71.5
Working conditions	60.3	64.0
Stress recognition	63.5	65.5

- To evaluate effects of PROMPT Wales training on staff attitudes and organisational culture.
- Pre (July 2018 – Oct 2018) + post (June 2020 – Sept 2020) implementation of PROMPT Wales.
- Response rate: 352 (pre) + 309 (post)
- Mean scores have improved in all 6 domains.

*PROMPT was associated with improvements in staff attitudes & organisational culture when rolled out in Victoria, Australia. When the Safety Attitude Questionnaire was replicated in Wales, we also saw an improvement in all 6 domains between the pre and post implementation periods – see table for scores out of 100. This is great news – together we **can** make a difference. Well done to everyone who has taken part in PROMPT Wales training.*

Other Exciting PROMPT Wales News...

Well done to Sarah Hookes for PROMPT Wales' first publication In May's edition of The Practising Midwife – Recognising the commitment of NHS Wales to the national implementation of PROMPT Wales training.

Another first for the PROMPT Wales team - The Sarah duo presented at **MIDLANDS MATERNITY AND MIDWIFERY FESTIVAL** which took place on the 20th April 2021. They presented the Community PROMPT Wales pilot within the Developing Skills & Knowledge category. Here is the link: <https://vimeo.com/540215533>

Congratulations to Anne York PDM who retired from ABUHB in May. Anne has been a huge advocate for PROMPT Wales training and has been a big support to the PROMPT Wales national team, as well as her own team in Aneurin Bevan. Thank you to Anne for her dedication to PROMPT Wales. Warm congratulations to Amy Bond who has taken over from Anne as Practice Development Midwife - we look forward to working with you.
