PROMPT Wales Newsletter

Issue No.6 March 2020

HAPPY 2020 EVERYONE!

2019 was a very busy year for the PROMPT Wales National team & for local health boards implementing PROMPT Wales. Here are some achievements so far:

- 107 PROMPT Wales courses were held – 93% attendance by the PROMPT Wales National team
- 7 Local & 1 National Train the Trainer Events were hosted by the National team
- The PROMPT Wales National faculty database boasts 332 active facilitators which includes 49 community facilitators, 10 university lecturers and 6 WAST paramedics.
- The Community PROMPT Wales programme and training booklet was developed and launched at a Train the Trainer event on 8th November

2020 plans so far:

- Maternity units across Wales have 119 PROMPT Wales courses planned
- A PROMPT Wales National Leads networking event took place in February
- There are 39 Community PROMPT Wales courses planned so far
- A PROMPT Wales National Train the Trainer event is taking place at the end of March

Community PROMPT Wales Update!

Community PROMPT Wales is well underway with 39 courses planned so far, with many locations ranging from midwives houses to free-standing birth centres! Cardiff & Vale UHB & BCUHB both held their first days on the 10th February.

The PROMPT Wales national team will be available to offer ongoing support by attending these days. As this is a pilot programme, each team have been asked to complete a feedback sheet following each training day which will be evaluated at the end of the year. If you require further information regarding your local Community PROMPT Wales course, please get in touch with your PROMPT Leads.

The PROMPT Wales National Leads Networking Event

On February 6th, the PROMPT Wales National team invited the PROMPT Wales Leads from each health board, as well as Jane and Sophie from the PROMPT Maternity Foundation, to the Clayton Hotel, Cardiff to celebrate the success of the PROMPT Wales programme to date. The day was a great success with engagement from every health board across Wales. It was wonderful to see the progress which has been made over the last year, clearly demonstrating the hard work and dedication of the PROMPT Wales faculties around Wales. An array of common themes and trends were identified, as well as problem solving and sharing of ideas which will support the sustainability of the programme moving forward. #proud

PROMPT Wales National Train the Trainer Event 2020

The PROMPT Wales National team have organised a National Train the Trainer event on 26th March 2020 at the Angel Hotel, Cardiff. This is an exciting opportunity to bring together colleagues from around Wales, to train together and to increase your local faculties, thus supporting the PROMPT Wales Standards.

We have had over-whelming interest in the 40 places and are now fully booked. If you are interested in future Train the Trainer courses, please inform the local PROMPT lead/s in your unit.

A GENTLE REMINDER REGARDING THE PROMPT WALES STANDARDS

We are now in March and 15 months since all health boards implemented PROMPT Wales.

Standard Four of the PROMPT Wales standards states:

(4-1) 'All staff (100%), who are identified as being required to participate in PROMPT Wales training, to complete a PROMPT Wales training session by 31 March 2020.'

The PROMPT Wales National team, representing Welsh Risk Pool, will be shortly contacting each health board across Wales to review compliance against the Standards. If you would like further support regarding the achievement of the PROMPT Wales Standards, please contact the PROMPT Wales National team.

CHANGES TO THE NATIONAL TEAM

At the end of March, the PROMPT Wales National team will regretfully say goodbye to Clinical Lead – Dr Madhu Dey, Anaesthetic Lead – Dr Fiona Benjamin & PROMPT Board Member Dr Frances Hodge. It is without out doubt that the PROMPT Wales National team, as well as colleagues within NHS Wales, can whole-heartedly say a huge **THANK YOU** for the support and dedication they have provided, contributing to the successful implementation of PROMPT Wales over the last 18 months. They will be sorely missed.

This quarter we will be introducing for the first time, a **STAR FACILITATOR**, noted for their authentic PROMPT Wales facilitation and dedication to their local PROMPT Wales faculty!

We welcome **Mr Nil Segupta**, PROMPT Wales Board Member, to the role of **Interim Clinical Lead**. Sarah Hookes and Sarah Morris will continue in their current roles.

This quarter's **Star Facilitator** goes to **Dr Eilir Roberts**, Anaesthetic Trainee, for his facilitation of a Maternal Collapse scenario at Prince Charles Hospital on 22nd Jan!
