

Steps to Success: Timeline of Support

Below is a timeline for the support you are going to receive from the PROMPT Wales team, moving forward through the next steps of implementing local PROMPT training in your unit.

By following these steps we aim to help you build a sustainable local PROMPT training model, which will enable you to train 100% of your multi-professional maternity staff annually ...year on year!

Local PROMPT Wales Faculty Development Programme

For your local PROMPT training to be effective you will need to expand the number of colleagues who can support the delivery of the sessions. The Implementation support team will help you run a half-day development event, which will cover:

- How to set up a PROMPT drill
- How to brief your participants, run the station and facilitate debrief
- Content of stations and resources

Please get in touch with the PROMPT Wales team to arrange a date

Measuring Outcomes

To monitor and measure the impact of PROMPT Wales training, we will be evaluating three domains:

1. Effect on **Clinical Outcomes**: through development of local and national clinical dashboards
2. Effect on **Staff and Safety Culture**: Safety Attitude Questionnaires for Maternity staff before and after implementation of PROMPT training
3. Effect on **Service User Experience**: Examining the experiences of women during labour and obstetric events

Implementation Support Information

An outline of how the PROMPT Wales National Team will support Local Training Faculties to develop and implement training for clinical teams

Implementation Support Team

There is a dedicated multi-professional team to help you move forward with delivering PROMPT in your unit! Contact PROMPT Wales to be directed to the team member best placed to help you!

PROMPT Wales National Team

PROMPT Maternity Foundation

PROMPT Wales Clinical Lead: Dr Madhuchandra Dey

Madhu is a Consultant Obstetrician in Bridgend; she is looking forward to driving the national rollout of PROMPT in ABMU and across the country.

PROMPT Wales National Lead Midwife: Sarah Hookes

Sarah is a Practice Development Midwife from Betsi Cadwaladr UHB. She has just completed her first year successfully implementing PROMPT across the health board and is looking forward to bringing this experience to her role with PROMPT Wales.

PROMPT Wales Anaesthetic Lead: Dr Fiona Benjamin

Fiona is a Consultant Obstetric Anaesthetist in Bridgend, she has a wealth of experience running obstetric drills and is very driven to make PROMPT Wales a success

PROMPT Wales Implementation Midwife: Sarah Morris

Sarah is an experienced midwife from Cwm Taf, she will be visiting the units on local to support you with running drills – she can be a member of your faculty!

Implementation Board Members

These experienced Consultant Obstetricians will be a local 'port-of-call' to help with advice, troubleshooting and embedding the training on a national scale

- **Dr Sajitha Parveen:** Aneurin Bevan UHB
- **Mr Niladri Sengupta:** Betsi Cadwaladr UHB
- **Dr Frances Hodge:** Abertawe Bro Morgannwg UHB

The Implementation team is based throughout NHS Wales

PROMPT Maternity Foundation Support

Our team at PROMPT HQ in Bristol will be on hand for support and advice, to help you develop and deliver a gold standard PROMPT programme. They will also be looking at the impact of the training on quality of care in Wales.

Dr Sophie Renwick

Sophie is a Clinical Research Fellow and Obstetric Registrar

Jane Storey

Jane is a Research Midwife from the PROMPT Maternity Foundation

National PROMPT Wales Launch

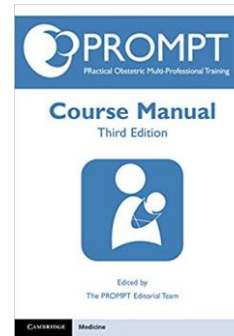

Tuesday 23rd October 2018 09:00
Clayton Hotel, Cardiff City Centre

PROMPT Course Manuals

The PROMPT Course Manuals have been modified to reflect the important status of healthcare strategies in Wales, including OBS Cymru. These Manuals can only be purchased through Welsh Risk Pool.

The normal price of PROMPT Course Manuals is £10. However, funding has been secured to ensure that each unit and local training faculty has access to 20 PROMPT Course Manuals at no additional cost, which can be used with participant groups.

The PROMPT Wales team encourages the issuing of course manuals to all participants; so to support organisations during 2018/19 the Welsh Risk Pool will provide a Course Manual at the reduced price of £2.50 each – on receipt of a completed and named course evaluation form.

PROMPT Flex Manikin

The Welsh Risk Pool have provided additional funding to ensure that every Unit and Local Training Faculty has access to a specialist Birthing Manikin.

If additional support is required with Manikins please contact a member of the PROMPT Wales Team who will liaise with the manufacturer
