Issue No.1 December 2018

PROMPT Wales Official Launch 2018

The PROMPT Wales Official Launch took place on the 23rd October 2018 at the Clayton Hotel, Cardiff.

It was a huge success with representation from all 7 Health Boards.

Special guests included Neil Frow, Managing Director of NHS Wales Shared Services Partnership (NWSSP); Dr Frank Atherton, Chief Medical Officer for Wales and Professor Jean White CBE, Chief Nursing Officer for Wales.

The PROMPT Wales team entertained audiences with an insight in to everyday obstetric emergencies by demonstrating a sepsis drill and a PPH drill. Both scenarios were facilitated by the PROMPT Wales team supported by the PROMPT Maternity Foundation and the OBS Cymru team.

The scenarios were an illustration to how PROMPT Wales can be implemented into local health board training.

If you would like to hold a local launch event to promote PROMPT Wales within your organisation please get in touch.

Local PROMPT Wales Training Events

 Prompt.Wales@wales.nhs.uk

 @PromptWales

The PROMPT Wales National team plan to produce your newsletter quarterly and would very much value contributions from maternity services within Wales.

Please contact prompt.wales@wales.nhs.uk with any information you would like included in the next edition.

Local Faculty Development Days

Local faculty development days are well underway. The PROMPT Wales team have supported and facilitated in Local Faculty Development days at ABUHB, ABMUHB, CVUHB & CTUHB.

It was extremely humbling to see the enthusiasm and commitment that all the Health Boards have for the future development of PROMPT Wales within their local units.

ABMU have increased their faculty members to **53**
ABUHB have increased their faculty members to **34**

Hywel Dda UHB have increased their faculty members to **32**
Cardiff & Vale UHB have increased their faculty members to **38**

The National PROMPT Wales Faculty Database now has an amazing 224 registered PROMPT Trainers. Well done to all teams!

Dates have been set for local faculty development days to take place at Cwm Taf UHB and Powys THB in the coming new year!

PROMPT Wales Clinical Outcomes

To evaluate the impact of PROMPT Wales, the team will be examining various clinical outcomes, pre- and post- implementation including:

1. 5 Minute Apgar <7
2. Hypoxic Ischaemic Encephalopathy
3. Unexpected NICU Admission at Term
4. Shoulder dystocia
5. Brachial Plexus Injury
6. Post Partum Haemorrhage
7. Maternal admission to Level 2/3 care

PROMPT PROPS: Share your tips!

"A simple prop to simulate a pregnant abdomen are these 'inflatable santa bellies' that can be bought very cheaply online, and deflate nicely to fit in your equipment boxes!"

We will be sharing your equipment tips in our PROMPT Wales newsletters – email us!

Safety Attitude Questionnaire (SAQ)

Congratulations to Rhidian Jones (ABMU) and Daisy Hodson (Hywel Dda) who each won a pair of tickets to Calendar Girls in Cardiff for completing their SAQ!

The first round of SAQs has finished, with 354 questionnaires returned from midwives, support staff, obstetricians and anaesthetists across all Health Boards.

Safety Attitude is an established and effective tool in reviewing the standards of safety in maternity services.

We will be undertaking a comparative round of questionnaires after the majority of staff have attended their PROMPT Wales training.

PROMPT Wales is developed from the PROMPT Maternity Foundation programme – making Childbirth Safer, Together. Why not visit the PROMPT Maternity Foundation Website and explore the fantastic audio-visual resources.
