Focus on: Ethnic Origin

With research suggesting that those with a BAME background being potentially more vulnerable to Covid19, it is more important than ever to provide the WNWRS with rich and full data.

Action needed : Please can all Practice Managers ensure that all Staff Records contain an accurate selection in Ethnic Origin.

First of all an enormous THANK YOU to all Primary Care Teams, Practice Managers and GP Practice Staff who have entered data into the WNWRS. It is through your efforts and diligence that we have managed to achieve the following:

- 100% GP Practices in Wales have data on the WNWRS
- 100% GP Practices in Wales have viewed their data in the last 12 weeks

We look forward to working with you to maintain and improve the quality of this data over the coming months.

Next data extract - **30th June 2020**. A separate email will be sent with instructions to all Practices on the next steps.
