

### Wales National Workforce and Reporting System ([WNWRS](#))

#### **Data Quality – Hints & Tips**

Many Practices incorporate the WNWRS as part of their induction and leavers processes, so it's updated as soon as staff members arrive or leave the practice. Other practices have monthly or quarterly calendar reminders to validate their data. Please ensure that you have all mandatory information before creating a staff record including NI Number, Registration Number (Clinical Only), DOB, Contract Type and Contracted/Working Hours.

#### **Certificate of Sponsorship**

Recently we highlighted the new support and reimbursement of funds announced for GP Practices should they wish to become Sponsors for newly qualified GPs needing a Certificate of Sponsorship to work in Wales. We are pleased to see several Practices taking up this offer and have applied to become sponsors, thereby opening up another route to recruit GPs to their Practices.

If you are a Practice who applied for re-imbursement for costs incurred when applying for a Sponsorship licence, please ensure that you enter the details of the individual you are sponsoring in the WNWRS as soon as possible, to ensure prompt re-imbursement of any incurred fees. The data in the WNWRS is used to validate any application for reimbursement.

[Further details on Certificate of Sponsorship can be found on our website](#), or by emailing [nwssp.certificateofsponsorship@wales.nhs.uk](mailto:nwssp.certificateofsponsorship@wales.nhs.uk)
