

Thank you for your continued support

An amazing 99.5% of Practice Managers validated their Practice data ahead of the last Quarterly extract. We have enjoyed hearing and sharing your top tips during our recent familiarisation sessions. Some Practices have shared that they incorporate the WNWRS as part of their induction and leaver processes, so it's updated as soon as staff members join or leave the Practice. Other Practices have monthly calendar reminders to check their data. If you are a new Practice Manager or would like to hear more, please contact us on the email below to join one of our familiarisation sessions. We can also attend group meetings in person or on Teams, so please do get in touch:

Top Tip: Remember to gather all mandatory information before creating a staff record including NI Number, Registration Number, DOB, Contract Type and Contracted/Working Hours.
