JOB DESCRIPTION

JOB DETAILS:

Job Title	Dietitian
Pay Band	5
Hours of Work and Nature of Contract	Permanent, full time, 37.5 hours per week
Division/Directorate	Therapies East Area
Department	Dietetics
Base	Wrexham Maelor Hospital – East Area

ORGANISATIONAL ARRANGEMENTS:

Managerially Accountable to:	Head of Dietetics Deputy Head of Dietetics
Reports to: Name Line Manager	Clinical Team Lead, Head and Deputy Heads of Dietetics

Professionally Responsible to:	Head and Deputy Heads of Dietetics
---------------------------------------	------------------------------------

Job Summary/Job Purpose:

The post holder will contribute to the provision high quality nutrition and dietetic care to the people served within BCUHB by participating in the achievement of the Health Board's mission and quality objectives by providing high quality, safe, efficient and effective Dietetic therapy services within available resources and in accordance with the registration and Code of Practice of the BDA and the.

DUTIES/RESPONSIBILITIES:

A Job Plan will be agreed with the postholder, and regularly reviewed with the designated Line Manager, to ensure service priorities are clearly understood and workplace timetables are agreed.

The post holder will:

- Hold a caseload and provide a Dietetic service to adults and children with a range of conditions. This involves the assessment, diagnosis, treatment, management and discharge of service users from the caseload.
- Work as a member of Dietetic team and multi-disciplinary teams liaising with and advising other agencies in relation to the specific client's needs and service delivery.

The post holder will hold a portfolio which will include the following areas of responsibility to ensure that clinical practice and governance are fully integral to service provision across the area:

- Clinical responsibilities – within one or more area team, improving basic Dietetic skills as well as working within a specific clinical area to develop specialist skills
- Participating in Task and Finish groups, in agreement with the Senior Clinicians. This may be within a clinical specialist group or across a multi-disciplinary network, and will be identified within the post holder's Work Plan e.g. clinical standards; training & development; audit; service user involvement; service evaluation; diet sheets.
- Working as a member of multi-disciplinary teams.

The post holder will be a member of appropriate clinical specialist groups/multidisciplinary networks, working with support from Dietetic senior clinical staff to:

- Undertake clinical governance responsibilities in relation to the service area within the clinical specialist groups and multi disciplinary clinical networks.
- Support the development, implementation and evaluation of Key Quality Indicators (KQI).
- Modernise Dietetic Services ensuring sustainability and the delivery of prudent healthcare.

CLINICAL RESPONSIBILITIES

- Use Dietetic skills and knowledge, underpinned by current evidence based practice, to help manage the caseload in partnership with members of the Dietetic Service and multidisciplinary teams as appropriate.

- Provide clinically effective assessment, diagnosis, management, treatment & discharge of individuals referred with nutritional difficulties within the caseload, seeking advice/referring/transferring to alternative professionals, agencies and services as appropriate.
- Ensure service users/carers are involved in the development and evaluation of packages of care/care aims, using SMART, evidence-based targets, clinical outcome measures, and discharging where appropriate, with due regard for cultural differences, bilingual requirements and the Welsh Language Act.
- Ensure service users are afforded opportunities as equal, empowered partners through informed consent, commitment to access, information provision and supported participation at each stage of the therapeutic pathway.
- Ensure safe delegation through liaison and training carers and other professionals, with provision of accessible written information and reports outlining management and care of service users, so that all involved know how best to help the client to achieve therapy goals and optimise nutritional status in a variety of environments and other social settings.
- Deliver individual, group or generalising interventions and strategies.
- Write nutrition care plans for Health/Social Care and others to implement.
- Ensure Dietetic intervention is evaluated at the end of an episode of care using clinical outcome measures, and discharging when appropriate.
- Ensure confidentiality of service users at all times.

COMMUNICATION

- Work with other members of relevant teams to ensure all receive appropriate information about the individual and have a full understanding of the individual's condition; providing a well co-ordinated care plan whereby all reach agreement about decisions relevant to the client's management.
- Work closely with service users, carers and families; demonstrate empathy with service users, carers, families and colleagues to ensure that effective communication is achieved, particularly where barriers to understanding exist.
- Motivate the individual / carers to engage in the therapeutic process, negotiating with and persuading families / carers / others to support where appropriate.
- Attend case conferences when appropriate.
- Liaise with administration team/ dietetic assistants to make timely appointments for follow up; send out written information and prepare appropriate written therapy material.
- Form productive relationships and motivate service users and / or carers to engage in the therapeutic process.
- Use negotiation skills in the management of conflict across a range of situations and deal with informal complaints sensitively, avoiding escalation where possible.
- Liaise with Dietetic colleagues in neighbouring areas to ensure smooth transfer of care for service users in and out of the area served by BCUHB.

PERSONAL & PROFESSIONAL DEVELOPMENT

- Participate in the Department's staff appraisal system (Personal and Development Review - PADR), and agree a plan of objectives for personal and professional development with their supervisor. Objectives set will reflect the Service and BCUHB's plans, including specific objectives relating the areas of work.
- Participate in peer support groups where appropriate; reflecting on practice with peers and mentor to identify own strengths and development needs. This will include sharing and disseminating information from relevant journals and literature, and peer review.
- Participate in Clinical Supervision. Attend relevant courses, meetings, special interest groups and in-service training in order to develop and maintain skills and knowledge.

- Maintain full BDA membership, and fulfil HCPC registration requirements to meet the requirements of the post and ensure safe, current and evidenced best practice.
- Keep an up to date record of CPD activity.
- Undertake statutory and mandatory training and ensure an ongoing working knowledge of relevant policies and procedures including Health & Safety, Welsh Language Act, Mental Capacity Act, DoLS, Safeguarding POVA, Manual/Object Handling, COSSH, Fire, Infection Control, CPR and other legal frameworks. Apply relevant knowledge and learning to own practice and supervision of others.
- Become familiar with the DATIX form to be able to report and manage situations involving personal risk and/or risks to others.
- Work with clinicians to ensure the principals of Clinical Governance underpin all clinical practice.
- Attend & contribute to departmental staff and team meetings at the request of the manager.

TRAINING OTHERS

- Assist in the induction of newly employed Dietitians and other staff.
- Support other Dietetic colleagues to deliver presentations and training packages.
- Prepare materials for training and educational sessions as required – this could involve preparing PowerPoint presentations.
- Provide and record appropriate support to co-partners in care, service users, and volunteers to assure safe delegation of Dietetic advice.
- Contribute to the ongoing induction, training, development and supervision of Dietetic Assistants, Assistant Practitioners Practitioners and volunteers, and also to contribute to their work with specific service users and / or duties which support Dietetic care pathways and service operations.

CLINICAL LEADERSHIP

- Provide a visible and accessible clinical resource in clinical settings/networks to managers, staff, and service users.
- Support Dietetic senior colleagues and service managers to ensure that excellent standards are maintained within clinical groups and teams/multi disciplinary networks. This includes, review of documentation, monitoring the interaction between staff and service users, to ensure they are treated with dignity, respect, kindness and compassion at all times; comply with fundamentals of care, and to deal appropriately with informal concerns and complaints received.
- Support senior colleagues in service objectives or projects in defined clinical areas and to be engaged with the implementation of the Clinical Practice and Governance work plans.
- Work closely with Dietitians in own clinical areas to ensure best practice and monitoring of standards.

RESEARCH AND DEVELOPMENT

- Participate in clinical specialist groups, Task and Finish groups, and multi-disciplinary networks, contributing to the Clinical Practice and Governance work plan, participating in audit, research, and PPI activities within own service area with the direction of senior colleagues to ensure services are delivered to best practice standards.
- Ensure services delivered within own areas of responsibility are properly evaluated using outcome measures against agreed local and national standards.
- Collect and provide research data as required for own and other departmental programmes.

POLICY / SERVICE DEVELOPMENT

- Demonstrate knowledge of, adhere to and implement HCPC, BDA, BCUHB and departmental policies, guidelines and procedures within areas of practice.
- Attend and actively participate in staff, team, locality team meetings and Clinical Specialist groups / professional development days in accordance with the Line Manager.
- Contribute to the development of own areas of service.
- Contribute to the development of Welsh / bilingual services.
- Contribute to interagency / multi-disciplinary team building.

HUMAN RESOURCES

- Supervise the clinical work of Associate Practitioners, Assistants, and volunteers ensuring safe delegation of tasks and duties in relation to service users.
- Explain nutrition care plans to Health / Social Care /, families and carers.
- Participate in staff inductions.
- Participate in clinical placements for Dietetic students and those from other professional groups as arranged.
- Provide advice for school children, young adults, and post-graduate students and explain the role of the Dietitian to visitors, students and volunteers.

INFORMATION RESOURCES

- Maintain accurate and contemporaneous records in line with HCPC and BDA professional standards and local HB policies.
- Share information with others, observing Data Protection guidelines.
- Input and gather activity data accurately and regularly, ensuring timely and accurate submission within BCUHB guidelines.
- Adhere to Information Governance policies and guidelines.

OTHER RESPONSIBILITIES

- Monitor stock levels in own service areas and request new equipment and resources as appropriate.
- Be responsible for the tracking, security, care and maintenance of equipment ensuring standards of infection control and safety are maintained – including equipment loaned to service users.

PARTNERSHIP

- Work in partnership with service users, other health and social care colleagues and services internal and external to HMP Berwyn, including NOMS staff as appropriate, to achieve the optimum health outcome for service users and contributing to reducing reoffending pathways.

SECURITY

- To always be aware of security within the department and establishment, and work within the set guidelines to ensure that security is maintained in a manner sensitive to service users needs.
- To ensure you have an appropriate awareness of the Local Security Strategy (LSS) and in any event of uncertainty seek clarification from a Security Manager.

- Ensure that the department complies with the security requirements of the prison, the physical security of the environment and the safe custody of health care equipment in the department is maintained.
- Assume personal responsibility for the security of issued keys and radios.
- Participate in the dissemination of security information to all staff, ensuring you have access to, and attend the relevant security training and participate in meetings in regard to security.
- Support colleagues to respond to any situation or circumstance that might indicate a threat to security.

Flexibility Statement: The duties of the post are outlined in this Job Description and Person Specification and may be changed by mutual agreement from time to time.

This job description is not intended to be an exhaustive list of duties but to give a guide to the objectives and responsibilities of the post. It will be reviewed in line with any organisational change and annually as part of the appraisal process.

Please note that any offer of employment will be subject to the successful receipt of enhanced DBS and prison vetting clearances.
