1. Introduction

NHS Wales is made up of several health organisations that include the NHS Wales Shared Services Partnership (NWSSP) who provide and manage many products and services on an All Wales basis.

Primary Care Services provides a range of support services to Health Boards in Wales that enable the provision of patient facing services in primary care. This is explained in more detail in sections 4 and 5 below.

This leaflet has been issued by Primary Care Services in conjunction with the Information Governance function within NWSSP to assist, explain and facilitate this process within NHS Wales.

2. Your rights

This leaflet covers your rights under a new law called the General Data Protection Regulation (GDPR) and explains how we use your information.

The information we give you about our use of your information will be:

- Brief, easy to read and easily accessible;
- Written in clear, plain language; and
- Free of charge.

3. What laws do we use?

The law determines how we can use your information. The laws we follow that allow us to use your information are listed below:

- General Data Protection Regulation
- UK Data Protection Bill
- Human Rights Act
- Freedom of Information Act
- Common Law Duty of Confidence - Confidentiality
- Computer Misuse Act
- Audit Commission Act
- Regulation of Investigatory Powers Act
- The National Health Service (General Medical Services Contracts) (Wales) Regulations 2004
- NHS (Wales) Act 2006
The NHS Wales Shared Services Partnership, Primary Care Services is the holder and user of your information in delivering the services described in section 5 (below).

4. What types of personal information do we use for this process?

The information listed below will be used to:

- Ensure that you are correctly registered with a GP practice to receive clinical services.
- Ensure that claims for payment from GP practices, community pharmacies, dentists and opticians for providing services are valid.

This will be information that was provided by you when you:

- Registered with your GP practice.
- Received treatment from an optician.
- Received dental treatment.

This data includes your:

- NHS number
- National Insurance number
- Name
- Address
- Date of birth
- Gender
- Information (such as your entitlement to benefits) that indicates your eligibility to receive a service free of charge
- NHS prescriptions that you had dispensed in Wales

In certain circumstances (please see Section 5 below) we may also receive the paper copy of your GP medical record.
5. What is the purpose of processing the information?

Primary Care Services works on behalf of Health Boards to reimburse the following for providing NHS services to patients:

- GP practices
- Community pharmacies
- Opticians
- Dentists

In order to calculate and validate payments to GP practices under the terms of the contract that they enter into with NHS Wales, we need to know:

- The number of patients who are registered with a practice
- Their age and gender
- Where they live
- Their eligibility to receive specific services

In order to calculate and validate payments to community pharmacies, opticians and dentists for providing NHS services, we need to know one or more of the following:

- The name, age and gender of the patient receiving the service
- Where they live
- Their eligibility to receive specific services

Your GP practice may also ask us to store the paper copy of your GP medical record on their behalf and we facilitate the transfer of your paper medical record if you change GP practice.

Where we handle your GP medical record on behalf of your GP practice, we do not routinely process any of the information in that record, however we may add a summary of your care to the paper record.

Unregistered Patients
In certain circumstances where a patient is not currently registered with a GP Practice, or is deceased, NWSSP is responsible for the retention of these manual records.

Where we hold your GP record, as an unregistered or deceased patient we do not process any information in that record.

We may also use your data for the purposes of providing the following services:

- Sending letters to patients to inform them of their NHS number when one is first allocated
- Processing new patient registrations and de-registrations at GP practices to maintain accurate lists of numbers of patients at GP practices.
- Writing to patients on behalf of Local Health Boards with regards to provision of primary care services or assignment to a GP practice list.
- Writing to patients when they have been removed from their GP practice list.
- Conducting reconciliations of GP Practice lists to ensure list sizes are accurate.

6. **Sharing your information**

We will only share your information where we have the appropriate legal authority or, where appropriate, your consent to do so.

We will never sell your information.

7. **Security of your Information**

The NWSSP takes responsibility to look after your personal information very seriously. This is regardless of whether it is electronic or in paper form.

We also employ someone who is responsible for managing information and its confidentiality to ensure:

- Your information is protected; and
- Inform you how it will be used.

All staff are required to undertake training on a regular basis. Comprehensive training is required to help protect the information that has been given to the NWSSP. The training makes sure that all staff working in the NHS are aware of their responsibilities about the handling of your information regardless of the department that they work in.

8. **What are you entitled to?**

The NWSSP will make sure that you are able to have access to your information. This is so that you know what we hold.

You have the right:

- To know about details of how your information is used; and
- Have copies of your information.
If you want to know more please contact the NWSSP Information Governance Manager for further information about your rights of access.

The NWSSP tries to answer all requests for access to information as quickly as possible. The organisation is obliged to provide a response to your request within a month of receiving it, but this can be extending if the request is complex and extensive.

The NWSSP will look at your request to make sure that the information requested is personal information. Most of the time, it will be clear that the information is personal but the NWSSP will contact you if it is not clear.

**Do I have to pay a fee?**

The information will be provided free.

However, we could ask for a small fee. This is where the request is large or repeated. This will be based on the cost of providing it. If you wish to find out more about fees for information, then please contact the NWSSP Information Governance Manager.

**How will information be provided?**

The information will be provided in a format that can be used on another system easily if it is electronic (i.e. Microsoft Word or Excel). Otherwise, it will be supplied on paper.

**9. Permission (consent)**

For the use of your personal information to be lawful, the NWSSP may ask for permission from you. This is not necessary if the use is for a lawful basis under current regulation such as for Employment or Recruitment purposes.

Any permission (consent) that is collected from you should have been given freely and you have not been pressured to do so. This should have been done clearly and you are aware of what the use of your information means.

**Informing you and obtaining your consent**

If your permission is asked for any specific tasks in relation to the provision of our services, we will explain what you are being asked to give permission for. The NWSSP will have to prove that it gave you information and that you were fully aware of what you were giving permission for.
If permission is requested, you could provide this in several ways that include by writing, ticking a box on a web page, by choosing options in a mobile phone app, or by any other action that shows your acceptance of the use of your information.

10. **What about stopping use?**

When a request for stopping use is received the NWSSP will still store information but will not use it anymore.

However, any changes that include the stopping of the use of your information will be told to you at the time regardless of the service or department involved.

11. **What about rights to correct or delete inaccurate information?**

You are entitled to request that the NWSSP correct any mistakes in your information, regardless of the service provided.

The NWSSP must ensure that proven inaccurate or incomplete information is either erased or corrected.

**Keeping your information**

We will only store information for as long as necessary.

Records are stored in accordance with the retention and disposal schedule of the Records Management Code of Practice for Health & Social Care. This determines the minimum length of time records should be kept.

**Making a complaint**

If you wish to make a complaint about any issues you have experienced regarding your information, then please contact:

NWSSP Information Governance Manager
01443 848585
shared.services@wales.nhs.uk

If you are still unsatisfied following your complaint and this remains unresolved, you have the right to make a complaint to the:

Information Commissioner’s Office,
2nd Floor,
Further information
