Dear Performer

Data Protection and Confidentiality

As you will be aware, from the 25th May 2018, Data Protection Legislation will change within the UK and under the General Data Protection Regulation (GDPR) one of the key changes is the enhancement of rights of individuals when processing their personal data. This includes the right to know about what happens to the information held and processed within the NHS Wales Shared Services Partnership (NWSSP). The information you have previously provided continues to be processed in a fair and lawful manner and is only seen by those who require it for legal purposes. The personal information you have provided is only used for compatible purposes under processes reliant on the above mentioned Lists.

Staff continue to work within confidentiality guidelines with all identifiable information. This includes the attendance at comprehensive confidentiality training and with specific Information Governance protocols that govern all NHS staff that will process your information and we continue to be bound by NHS Wales Terms & Conditions.

We will not knowingly release your personal details to any other organisation for any purposes without obtaining your explicit consent unless there is a justified, legal basis for doing so. However, this will be notified to you at the earliest possible stage.

If you would like any further information relating to the information you provided, please contact the Performers List Team - nwssp-primarycareservices@wales.nhs.uk.
