

To: All NHS Community Pharmacies

13 November 2018

Dear Pharmacist

**Public Health Link CEM/CPhA/2018/16d 7 November 2018 - Update: Supply Disruption
Adrenaline Auto-Injector - Interim Dispensing Protocol.**

I refer to the above Public Health Link that was issued on 7 November 2018.

It has been brought to my attention that it may not have been clear the Public Health Link included actions for community pharmacies as well as dispensing doctors.

To clarify the position, all community pharmacists should familiarise themselves with the content and ensure staff at the pharmacy receive information regarding and implement the actions contained within Public Health Link CEM/CPhA/2018/16d 7 November 2018.

Yours sincerely

Andrew Evans

Chief Pharmaceutical Officer/Prif Swyddog Fferyllol
Welsh Government/Llywodraeth Cymru
