

Have you checked if GPs providing services at your practice are included on the Medical Performers List in Wales*?

Check now using the following link:
www.primarycareservices.wales.nhs.uk/performers-list-and-locum-register

This check should be in addition to standard checks on GMC Registration, Professional Indemnity Insurance, and the taking up of clinical references.

If you can't find a GP's name or need further details, contact the Medical Performers List team on:

**stated in The National Health Service (Performers Lists) (Wales) Regulations 2004 (as amended) that a medical practitioner may not perform any primary medical service, unless that medical practitioner is a general medical practitioner and his or her name is included on a Medical Performers List. There are specific variations to this in relation to GP Registrars.*
