Dear Colleague

The document below is a Civil Aviation Authority publication that sets out design requirements and options for new heliports located at hospitals in the United Kingdom. It can also be applied to the refurbishment of existing helicopter landing sites.

Please click on the link to view the document.

Link to: *Standards for helicopter landing areas at hospitals*

It replaces previous guidance: HBN 15-03 Hospital Helipads, 2008.

Queries on this NWSSP—SES publication may be directed to Nigel Davies on:
