Dear Colleague

The following publication is now available from the NWSSP-SES website.  
Please click on the title below to view the document.

## **WHBN 02-01 Cancer treatment facilities**

This Welsh Health Building Note is designed to help NHS Wales organisations identify best practice for planning and design considerations for chemotherapy and radiotherapy units and describes spaces that are unique to those units. It also describes any variations to common hospital spaces and clarifies requirements for those spaces where necessary.

It replaces previous guidance: HBN 54:2006 *Facilities for cancer services*.

If you have any queries regarding this publication please contact Jennie Roe on:
