## **WHBN 00-07 Planning for a resilient healthcare estate**

This Welsh Health Building Note provides guidance for NHS Wales-funded providers on designing and planning for a resilient healthcare estate. It aims to help NHS Wales organisations to determine appropriate levels of resilience for sites, buildings and installations against a wide range of emergencies, hazards and threats and their impacts and consequences including resilience to the impacts of climate change.

It replaces previous guidance: HBN 00-07: 2006.
