The closing date for this year's submission will be 1<sup>st</sup> July 2022.

There have been a small number of changes to the EFPMS data fields for this year, more detail on these is available by contacting NWSSP-SES contacts below. It is essential that individuals responsible for data input ensure care is taken during the data entry process to guarantee data quality and reliability. **Responsibility for the accuracy of data submitted rests ultimately with the NHS organisation that inputs the data.**
