Dear Colleague,

## Digital Estate Management Survey

As part of our ongoing work NWSSP Specialist Estates Services is undertaking a baseline assessment across NHS health organisations.

This exercise will focus on the status, completeness, and usability of asset and risk registers. The information gathered will help shape support tools, guidance, and national priorities.

We kindly request that you complete the [NHS Wales Interconnected Estates Management Survey](#) by **1<sup>st</sup> August 2025**

The return seeks to understand:

- The current state of asset registers (including digital systems, accuracy, completeness)
- The usage and governance of risk registers
- The current resource availability
- Integration with six-facet surveys, backlog data, and CAFM tools

This request forms part of a coordinated national approach, and your input is vital to help us build an accurate picture across NHS Wales.

If you have any questions or require clarification, please contact **Craig Morgan – Senior Environment and Facilities Management Advisor** on [craig.morgan2@wales.nhs.uk](mailto:craig.morgan2@wales.nhs.uk)

Yours sincerely
